CONDITION OF LABORATORY TESTING & REPORTING

1. Laboratory test results released pertain to the sample, as received. Results can vary depending on the sample.
2. Biological reference range/interval is suggested for your age & gender on the basis of available literature.
3. Test results and reference range can vary depending on the assay method used. Also, there can be slight inter-laboratory variations.
4. All the notes and interpretation beneath the pathology result in the report provided are for educational purpose only.
5. In case of any discrepancy due to typing error, kindly get it rectified immediately.
6. Neither DGD or its employees/representatives assume any liability or responsibility for any loss or damage that may be incurred by any person as a result of interpreting the meaning of this report.
7. Laboratory tests results are only a tool to facilitate for making a final diagnosis.
8. All laboratory test results have to be correlated clinically by the advising physician.
9. D.G.D can send certain tests to other laboratory to crosscheck the results.
10. Test results are not valid for medicolegal purpose.
11. There can be delay in test results because of unforeseen/uncontrollable circumstances.
12. In case of any issues or suggestions about your test results, please email us on dgd labs@saimanhealthcare.com
13. The courts (forums) at Delhi shall have exclusive jurisdiction in all disputes/claims concerning the tests and the results of the tests.
14. Our liability is limited to the amount of investigations booked with us.
